Jim,

Thank you for letting me know. Unfortunately, I will not be able to attend on the 26th, as I have mandatory training that day.

Michael

Hello, Michael:

The meeting on Thursday, March 12th has been canceled. The next meeting will be held on Thursday, March 26th at 9:30 am. Will you be able to attend on March 26th? The meeting will be held at 4444 Railroad Avenue.

Thanks.

Jim Van der Kloot

Jim,

What is the location of the meeting?

Michael

Jim,

Thank you for the invitation. I would be happy to meet with East Chicago to discuss Goodman Park. Unfortunately, I am not able to attend that meeting as I will be on travel for other site work that day and the following one. I have my schedule up to date in outlook, so feel free to propose a meeting when I am not otherwise scheduled. As I may invite a representative of the Responsible Parties to participate in the discussion, please try to provide me with at least two weeks notice.

Thank you,

Michael

Subject: Invitation to Roxana/Calumet Team Meeting on 2-26-15

Hello, Michael:

As you may know, I meet with East Chicago's Department Heads every other week. Discussions have been going very well, aided by some strong input from Ball State University. The City has identified several projects that they would like to pursue in order to improve quality of life within the Roxana and Calumet neighborhoods, and beyond.

One particular project would benefit from your consultation. Just North of the public housing project in Calumet, there is a park. The City would like to improve access, amenities, and programming at the park, and would like to take advantage of the dredging and restoration of the canal to improve recreational opportunities. Tetrattech has been out to meet with the City, to discuss the canal-related aspects.

The City is hoping that you can come out to their meeting (again, consisting of me and City Department Heads) to discuss the timing and phasing of cleanup within the Calumet area, particularly focusing on how it will impact the public housing area and the park to the north.

The meeting will take place on 2-26 from 9:30 to 10:30. You will not need to give a formal presentation.

Thank you.

Jim Van der Kloot
